Copy of D.O.No.162-E/44 dated18-3-44 from the Director of Industries and Commerce, Madras, to the Secretary to Government, Development Department, Madras.

Public Servants - Jesudoss, Sri C - Manager Accountant, Kollegal Silk Filatures Kollegal - Misappropriation - Facilitated by General Manager's lack of supervision.

Will you please refer to my official letter No.162-E/44 dated 18th March 1944 making a report on the misappropriation of Rs. 406-12-6 by Jesudoss. There are one or two facts that stand out from this occurrence to which I should call Government's attention at once.

1. Neither Peychaud, the General Manager, nor Appadura Mudaliar, the Senior Assistant Manager who quitted service on the 3rd of January seem to have followed the instructions issued by the Accountant General as regards either the verification of cash book or the verification of cash balance, vide para 3 and 4 of the Annexure to G.O.No.Ms.808 Development dated 17th May 1943. Not only does para 3 require the disbursing officer to check all the entries in the Cash Book as soon as possible after the date of their occurrence and initial the book dating his initials after the last entry checked, but also to sign the cash book at the end of the month. It is stated clearly that such signature isunderstood to be as fixing responsibility for all the entries of the month inclusive of the closing balance. Paragraph 4 requires that the actual balance of cash shouldbe verified on the last working day of each month and a certificate of the amount of cash, should be recorded below the closing entries in the cash book, this certificate ~~xxxxxxxxxx~~ being signed by the disbursing officer who should invariably date his signature.

2. Mr. Peychaud took over charge from Mr. Appadurai Mudaliar on the 3rd of January when the latter quitted service. On that date, both Mr. Peychaud and Mr. Appadurai Mudaliar signed the Cash Book in token of the transfer of charge. There is no evidence to show that the cash balance on that date was verified by these two officers. Had this been done, the shortage would have come to light.

3. As early as November 1943, Peychaud knew that the cash book and the cash had not been handed over by the Manager Accountant to the Cashier Accountant and I asked him to see that this was done and that the accounts were properly maintained.

4. On the 14th of February the Cashier Accountant reported in writing to the General Manager that there was a shortage of Rs. Rs.406-12-6. A copy of this letter was endorsed to me. The General Manager was asked by my office on the 20th of February to send his remarkson this petition as early as possible and he was reminded in the matter on the 3rd of March. I find that the Manager under training to whom the General Manager had sent the petition for enquiry reported to him on the 24th February. So far as I can find, the General Manager took no action till the 10th March and that action consisted merely in sending a wire asking for instructions. The General Manager's attention was drawn to Articles 294, 300 to 302 of the Madras Financial Code Vol. I and he was told that it was his duty to carry out the necessary verification of accounts and cash balance and to submit a preliminary report to me in this matter.

5. The General Manager has failed to carry out the duties laid on him in respect of the 4 items detailed above. I propose calling for his explanation and to submit the same to Government. I shall do so on hearing from Government.

6. Nor has Peychaud showed much of competence in the administrative field. He has neither proper control of the office staff nor knowledge as regards their work or character. I need cite only two instances to show how his ignorance of these

matters lead him to support candidates who deserve no encouragement whatever. One instance is that of Appadurai Mudaliar against whose departure from Kollegal Peychaud was so insistent and about Appadurai Mudaliar, I have already reported to Government in full detail. The second instance is that of no less a person than Jesudoss who finds himself today behind the bars. On his application dated 3rd February 1944 for extension of service, Peychaud wrote that Jesudoss had undoubtedly worked very hard in the Kollegal Silk Filature and that his application may therefore be favourably considered. Fortunately I know my men both Jesudoss and Peychaud, and I did not accept his recommendation and when Jesudoss came down to see me in this connexion I refused to interview him and ordered that he should retire. It is obvious from the way Peychaud has dealt with the financial and administrative side of his work that he has neither experience of such work nor aptitude for it. B

7. It is essential that an officer of sufficient status should be posted to the Government silk Filatures as Manager. When this is done Peychaud will then become the Technical Expert. A

The officer to be posted should be one who will not be cowed down by Peychaud. I am of the view that an officer of sufficient experience and status should be posted to the Filature as early as possible. I may here point out that in next year's budget Government's expenditure has been estimated at over 31 lakhs and receipts over 33 lakhs. I shall be glad to know what Government's reactions to my proposals are at an early date.

I enclose a copy of Peychaud's confidential report

I am to say that the Government agree with you that if possible the services of the Peishcar should be utilised more as a Technical Expert than as a Business Manager. The appointment of an Administrative Manager as proposed by you will be more expensive if he is to control the Peishcar. In any event the Govt. Direction consider that it is a good Accountant that is needed rather than an Administrative Manager. To your suggestion to this arrangement

it may be possible to secure the services of an Accounts officer from the A.G.'s office or the Examiner of Local Fd Accounts who can work under the control of both the Managers of the two factories. I am to request you to examine this suggestion in the light of the existing staff in both the factories for the proper maintenance and control of the accounts and to submit definite proposals for the consideration of this Govt

--

Will you please refer to your D.O.No.18011-D/44-1 dated 12th April 1944? I note that whilst Government agree with me that the services of Peycnaud should be utilised more as a technical expert than as a Business Manager, they considered that the appointment of an administrative Manager would result in considerable expenditure to Government. When I suggested the appointment of a Business Manager, I did not intend that he should control Peycnaud directly. By circumscribing the field of Peycnaud's activities and making him confine his attention to the technical side of production only, the object which I have in view can be achieved. Peycnaud would thus be isolated and to that extent his powers of "mischief" in matters pertaining to accounts or administration done away with. The appointment of a Manager at the Government Silk Filatures similar in status to the Manager of the Kollega

Silk Filature should meet my requirements. As Government, however, feel differently in the matter, I have no objection to the services of an Assistant Accounts Officer being obtained for employment at the Government Silk Filature for a period of one year in the first instance. His advice should of course be available to the Manager of the Kollegal Silk Filature in all matters pertaining to the maintenance of accounts, preparation of costing statements etc. I do not think it necessary for the Kollegal Silk Filature to pay part of his salary on this account.

I suggest that Government ascertain from the Accountant General, Madras whether he has an Assistant Accounts Officer to spare, whether he is willing to come and what his pay is. This information would enable Government to work out the expenditure involved in the proposal.

Yours sincerely,

Dear Mr. Crawley,

Please refer to your confidential d.o. No. 18011-D/44, dated the 9th June 1944 regarding the appointment of an Administrative Officer for the Government Silk Filatures, Kollegal.

It may not be feasible to depute an Assistant Accounts Officer from this office at present. My own office is now in a depleted condition and I have to secure the permission of the Auditor General before I can depute an officer. Any officer now in service will have to be paid a special pay of Rs 100 in addition to his grade pay.

3. To obviate these difficulties I suggest that a retired Assistant Accounts Officer of character, commonsense and administrative ability may be employed for this purpose. If you agree, I shall get into touch with one or two suitable officers and intimate to you details of their age and service after finding out whether they are willing. As regards terms you may fix them up by direct negotiation with the officers as was done in

the case of the Accounts Officer for the Office of the Director of Agriculture.

Yours sincerely,

Four retired Assistant Accounts Officers were requested to state whether they were willing to take up the Kollegal job. Only one officer viz., Mr.A.B Srinivasa Rao is willing to take up the appointment. Though he is now 62 years old, the date of his birth being 16th August 1881, he keeps very good health. He is well versed in the Civil as well as Public Works rules and procedure and he has had long administrative experience in the United Provinces as well as Madras. He is distinguished by character and common sense as well, and I consider him suitable for the post in question. He is in receipt of a pension of Rs.320-8-0 per mensem. I think he will agree to the same terms as those offered to Mr.V.Kuppuswami Sastri who is now employed in the Office of the Director of Agriculture. The address of Mr. Rao is No.26, Ranganatham Street, Thyagarayanagar. I suggest that you call him up for an interview and settle the terms personally with him.

My dear Sivasankar,

Will you please refer to Crawley's D.O.No.18011-D/44-9 dated 1st August 1944 regarding the appointment of an Administrative Officer for the Government Silk Filatures, Kollegal? I have tried to get at Sreenivasa Rao to find out for myself what kind of a person he is and also to ascertain whether he will be willing to accept the post of Administrative Officer on a smaller salary. So far I have had no response from him. I have, however, been on the look out for a suitable officer and I think I have found such an officer in the person of Dr.K.S.Setty who was the Principal of the Chengalvaraya Naicker's Technical and Industrial Institute, Vepery, Madras for about 17 years. He retired from that Institute only a few months ago. At the time of his retirement he was drawing a salary of Rs.600 p.m.

The C.N.T.Institute is one of the very big technical Institutes in the Province and its Principal has a difficult task of getting on

not only with 400 young people who flock to the Institute, but also with a Board of Trustees several of whom have their own axes to grind. The first time I knew Dr.Setty was when I was Under Secretary, Development and that was in connexion with the inauguration of the Technological Diploma Examination Board. His powerful advocacy had, if my memory serves me right, a great deal to do with the establishment of this Board. Since then, Setty has been in very close touch with my Department and has earned the good opinion of Adyantnaya the Joint Director who has been responsible for the technical education side over a period of years. Setty has plenty of life in him and I am sure that he will do quite well as an Administrative Officer. He draws no pension.

I suggest that Government permit me to appoint him, on contract basis for one year to begin with, on a salary of Rs.500 p.m.

My dear Sundaram,

Will you please refer to Crawley's D.O.No. 18011-D/44-11 dated 21st September 1944 regarding the appointment of an Administrative Officer at the Government Silk Filatures, Kollegal?

I am fully aware of Government's intentions in the matter, as it was at my suggestion that Government agreed to the need for the appointment of an Officer who will relieve Peychaud of both administrative and accounts duties. Knowing the work to be done and also knowing the capacity of Dr. Setty I suggested his name. Not only does he possess administrative experience of running a large school for a period of years, but also of maintaining complicated sets of accounts prescribed by Government in the Code of Regulations for Industrial Schools. After all, what is required of such an officer is integrity and hard and regular work. We can of course go on searching for the most suitable officer in this or that department. But such a task takes a very long time and in the meanwhile things do not remain stationary. I have only today reported to you one more instance of mal-administration and I can add to it several other instances. I, therefore, suggest that Government accept my proposal to appoint Dr. Setty at once for a period of six months if necessary and in the meanwhile, search for a most suitable officer can be pursued.

pto

3 As regards the salary to be paid to such an Officer, I consider Rs.500/- reasonable. Kollegal is an out-of-the-way place and only few people of Dr. Setty's standing will be prepared to go and live there for less.

4 I shall be glad if you will see that very early orders issue in the matter.

In para 7 of your D.O. No 162E/44 dated 18.3.1944 on the subject mentioned above, you have indicated that the new officer will be the Manager of the factory and that Peyakand will thereafter be only the Technical Expert. Presumably your intention is that to which you have assented both these offices would be held by Richard Work directly under your control. It has been

Suggested that this arrangement is likely to lead to friction if two Heads are to operate in the same Factory independently of each other and that it would be desirable that the ultimate responsibility should rest with Psychol as the General Manager. As regards the division of functions and responsibilities

the ultimate responsibility of the running of the Filature would be Peycaud's, but the immediate responsibility as regards maintenance of accounts, cocoon and other stores, and office would be that of the Administrative Officer. Sir,

Sub: Industries - Sericulture - Government Silk Filature, Kollegal - Appointment of Personal Assistant to the General Manager.

Ref: G.O.No. Ms. 4830-Development Department, dated - 11-11-1944.

In paragraph 1 of the G.O. cited, it is stated that the Personal Assistant will relieve the General Manager of his routine administrative duties in the Government Silk Filature and will be responsible for the supervision of the maintenance of accounts of both the Government Silk Filature and of the Kollegal Silk Filature, Kollegal. The above orders of Government are perhaps based on the origina proposal contained in my D.O. of 25-5-1944 to the effect that the advice of the Assistant Accounts Officer proposed to be appointed should be made available to the Manager, Kollegal Silk Filature in all matters pertaining to the maintenance of accounts, preparation of costing statements etc. As the Kollegal Silk Filature

separate Gazetted officer designated as "Manager, Kollegal - Silk Filature", there appears to be no need for the Personal - Assistant to General Manager to exercise any supervision over the maintenance of accounts of the Kollegal Silk Filature. The General Manager, Government Silk Filature exercises no such control now. Nor is such control either necessary or desirable. I, therefore, request that para.1 of the G.O. may be suitably amended by deleting therefrom the reference relating to the supervision of the accounts of the Kollegal - Silk Filature.

G.O.No.Ms.1453 Development dated 9-4-1945

In G.O.No.Ms.4830 Development dated 11th November 1944 Government sanctioned the creation of a gazetted post of Personal Assistant to the General Manager, Government Silk Filature, Kollegal for a period of six months from the date of appointment. Dr.K.S. Setty, took charge of the post on 11th December 1944 and the period of six months is therefore due to expire by the 10th June 1945. I request that Government may be pleased to accord sanction for the continuance of the post for a further period of one year with effect from 11th June 1945.

2. In view of the fact that a retired officer with experience of Accounts and Administrative matters has now been posted for the work, I request that the designation of the post may be changed to "Accounts Officer", as originally proposed. I also

I suggest that Mr. A.B. Srinivasa Rao be appointed as Accounts Officer for a period of one year to begin with instead of 6 months as has been ordered. I enclose a copy of his letter on this subject for the information of Government.

Copy of letter dated 19th April 1945 from Sri A.B.Srinivasa Rao, B.A., Retired Accounts Officer, Thyagarayanagar.

"When I saw you on Tuesday last, I brought to your notice two points which required consideration in connection with my appointment at Kollegal. After some talk over them you desired that I should put them in writing and I am writing this letter in obedience to those orders.

B

The first is as regards the period of my appointment. The period of six months is too short and I request that it may be extended to one year.

The second is about the designation of the post. Both at the time when I was asked by the Accountant-General, Madras, about my willingness to take up this post and when my name was recommended to Government by him, the designation was given as "Administrative Officer". The same designation was also used in the communication received from your office calling me for interview. But in the order issued, the designation is given as "Personal Assistant to the General Manager". Grateful as I am for the appointment bestowed upon me, I feel that the original designation should be maintained. I request that you will see your way to move Government for the necessary amendment."

Meanwhile Sir Hugh Kar Coriders, after his visit to Delhi, felt it would be desirable to get a Chinese Silk expert with business experience. The Govt of India d Technical Knowledge para 3, p4 ng (E)

obtained the services of one Mr Chan from china. Who joined the Department under the Govt in Nov 43 and later designated as the Junior Asst. Shri Rau, Mr Peychaud the Dy Director of Textiles, a Govt of India officer has been appointed as the General Manager of the Govt Silk Klaans on the terms specified in the letter at p. 41 c/f of (F) Mr Peychaud is attending also to the technical side of the work in the Kollegal Silk Klaanes. The Kollegal Silk Klaanes has a Business Manager on Rs 420 - 700.

2. The suggestion of the Dte would appear to be that a Separate officer be appointed for the Govt Silk Klaanes to be in charge of the business side of the factory and that Mr Peychaud should be Technical Expert for both the factories. According to the minutes of Apl, it seems that such a procedure will be costly and that it would meet the case if one Accountant is appointed to be in charge of the business of the factory. The misappropriation of funds occurred in the Kollegal Silk Klaanes and not in the Govt Silk Klaanes. Both the factories have already got well paid Accountants but the incident points to the accounts. But the incident reveals that there has not been adequate control over

the work of the subordinate accounts staff
in the Board of Revs (civil supplies), an
officer from the A.G's office has been appointed to
be in charge of the Accounts matters.
Similar arrangement may perhaps suit
the needs of the two factories at Kollegal.
The Accounts Officer to be appointed and work under the control of the General Managers of the two factories.
The cost of the Officer may be allocated
between the two factories. The question will also
arise whether the remuneration to the Regd
should be revised if he is divested of the general
management of the factory.

the D.Sec is being asked to reconsider his proposals
in the light of the suggestions made by the Dept

B- Advice: This file deals with a suggestion
to appoint a responsible officer who will attend to
the day to day working of the two factories, particularly
in the matter of maintenance of accounts, disbursements etc.

The limited like relates to the appointment of addl recruit staff and staff for internal audit. It would seem desirable to keep the administrative staff distinct from the staff for internal audit. The idea in appointing an administrative officer is besides intended to relieve a Technical Expert of the routine business side of the duties as envisaged in C on p 6 ante above.

To Addl. H.S.

The proposal in this file is to appoint an Administrative Officer for the Govt. Silk Filatures Kollegal to relieve Mr. R.Peychaud, the General Manager, of the Administrative side of the Factory including maintenance of accounts so that he might attend to the Technical side of the work of the two factories at Kollegal. The A.G. who was consulted, suggested one Mr. A.B. Srinivasa Rao, a retired Assistant Accounts Officer for appointment or a salary of Rs.500/- p.m. The D.I. & C. has reported that he has not been able to contact Mr. Srinivasa Rao and that in his opinion Dr. K.S. Setty, retired principal of the Chengalvaraya Naicker's Technical and Industrial Institute, Vepery will be suitable for the appointment. As regards the enquiry whether the duties of the proposed appointment will justify a pay of Rs.500/- p.m. the D.I.& C. states that the pay is reasonable and that only very few people of Dr. Setty's standing will be prepared to go and live at Kollegal for a lesser pay. In his letter at pages 27-28 c.f., the D.I & C. reiterates his request for the appointment of Dr. Setty immediately for a period six months if necessary, and suggests that the question of finding a more suitable officer for the place ~~should be retained~~ may be pursued separately. This Dept. agree with the proposal of the D.I. & C., (Ad.Sec's orders on P 25 C.F. at 'X').

The case may be sent to Finance for remarks before circulating it for approval of the proposal of the D.I.&C.

In view of the above reasons, this department may agree to the proposal to appoint an officer to attend to the administrative and accounts side of the work at the Govt. A on p 1 at X on file

hs 2.10.44

The next question for consideration is as to the type of the officer that should be appointed. The main duties of the officer will be to attend to the administrative work and the maintenance of accounts only. The Govt. Silk Filatures is a commercial concern and the accounts maintained are of intricate nature and a non-accounts man, however, efficient he may be in administration may not be able to have effective control over the accounts staff the lack of which alone seems to have led to the incidents mentioned on p.1 C.F. What is wanted would therefore seem to be an efficient Accountant with knowledge of commercial accounts only -- Cf. late A-4's minute on p.1 above. (+ A on p.6 cf) For this purpose it would seem that a Superintendent from the A.G's office or L.F. Audit Department would be most suitable. In similar circumstances in the Cinchona Department, a Superintendent of the L.F. Audit Department was appointed as Personal Asst. and Manager to the Director, Cinchona Department on the scale of pay of Rs 200-30/2-350.

3. As attempts to secure the services of a retired Asst. Accounts Officer of the A.G's office have not been successful the Director proposes that pending the search for a suitable officer, Dr. M.S. The necessity for the administrative post has arisen mainly on account of the ~~incompet~~ inability ~~ency~~ of the technical man to attend to the ~~administrative and accounts~~ financial matters and the appointment of another technical man who cannot be expected to be conversant with the commercial accounts may not serve the purpose. Further Development have themselves stated as follows:-

"It is doubtful if a retired man would be suitable. The experience of the D.I. & C. in getting satisfactory work from a retired official appointed as Asst. Manager of the Kollegal Silk Filatures was not happy and the retired official had to be replaced. The situation would seem to require a younger person with enthusiasm and abili

Also please see A on P. 6. C.F.

~~Further~~, if Development accept the suggestion of this department in para 2 above to appoint a Superintendent of the L.F. Audit Department as administrative officer, there may be no difficulty in obtaining immediately the services of a suitable officer in consultation with the Examiner, L.F. Accounts and there may be no necessity then to appoint an interim officer.

If, however, the proposal to appoint Dr. Setty is accepted, Finance may suggest that the pay to be fixed for him need not exceed Rs 300 p.m. which is half the pay he was drawing prior to his retirement as Principal, C.N.T. Institute. He is at pre drawing no salary or pension

responsible for the supervision of the maintenance of Accounts in both the Sole Dealers. The D. of I & C considers that Mr. Shetty, the new officer will be able to attend to this R on p 2 / ante work with his vast previous experience. Besides, the Kollegal Sole Dealer is not also liable to pay any amount for the services of Mr. Shetty on this account. A p 6 / ante. In the circumstances, the advantages of the arrangement ordered vide para 1 (i) of the G.O. cited are in favour of the Kollegal Sole Dealer; there appears to be no need to amend it. Similar practical difficulties are foreseen to occur if the working (The arrangement has not been in operation for a sufficient time) for which the proposal of the D. of I & C at Z on p 2 / ante will be accepted.

If this proposal is agreed to, the Dept may please see this case for remarks.

The D. of I & C considers that no such control is either necessary or desirable. I would agree generally with the views indicated in the above Note at X, Z) and, among the whole trouble is the first place arose out of the "Kollegal Features" - which is the Feature which the D. of I & C proposes should be excluded altogether from the purview of the combined G.O. However in view of the above we and we would at present try out the present arrangement for 6 months it is for orders as to whether the G.O. should be amended.

Para 1 on p1 cf: Period of Sanction of Post of P.A. to the General Manager, Govt. Silk Filatures

Though the period of sanction of the post was six months from the date of appointment of Mr. Setty to it, revised orders were subsequently issued in G.O. no. 1453 (MS) dtd 9-4-45, appointing to the post Mr. Srinivasa Rao for a period of six months from the date of his assuming charge. Thus the earlier period of sanction of the post has been extended beyond 10.6.45. The question now for consideration is whether instead of 6 months from the date of assumption of charge by Sri Srinivasa Rao, the period should be extended to one year. The only reason in support of this proposal is the request of the appointee now, though the D.I.C. himself had suggested only a period of six months in the first instance. In all probability, the post will be continued beyond six months and Mr. Srinivasa Rao could expect to continue in the post, provided his work were satisfactory. It is for orders whether the wishes of the appointee will be complied with and revised orders issued

Change of Designation of the Post: It is not clear what the significance is, of the proposal to change the designation of the post, as required by the appointee. The duties of the post are defined in para 1 of G.O. no.

4830 (MS) Dtd 11.11.44 and the Designation was fixed as suggested by the Adviser (Mr. Priestley), with a view to making the Officer appointed immediately responsible to the General Manager, instead of being an independent entity at Kollegal. Even in regard to the change proposed, the D.S.C. wants it to be "Accts. Officer" which the appointee would have it as Administrative Officer. The matter seems to be one for the Govt. to decide, rather than for the appointee to suggest, so long as he is made aware of the duties attached to the post. For ref. vide whether the proposal of the D.S.C. will be accepted.

2. The case may be sent to Fin Dept for remarks

Point 1. There seems no need for any extra increment having been given under the F.R. in the first instance and if a higher work is entertained, the Accts. Officer as there is none to be need for subordinate officer a fresh for the period; an efficiency increment will be given to the post in due course anyway.

Point 2. This request may definitely be turned down as per particularly the notes above of Pp (1-1) N-F of (E) by. This request for change of designation one is justified in foreseeing, a movement to avoid direct control upon the General Manager. It has been laid down that there should be direct subordination of this post to that of the General Manager, and even as it is there are enough factors between the previous incumbent of this post and the

The file deals with the proposals of the D. I & C (i) to extend the sanction for the post of P.A. to the General Manager Govt. Under Secretary's note at pp 30-31 above, it is considered that it is not necessary now to issue extension orders now in respect of the first proposal and to turn down the second proposal. A draft memo to the D. I & C. is submitted herewith for approval
